ISOFLAMES™

Linear Burners

Elevating Fire with Precision & Style

From sophisticated living rooms to commercial settings, Isoflames Linear Burners are crafted to deliver a bold, contemporary flame experience that transforms any fireplace.

Engineered for quality and performance, our proprietary Isoflames Linear Burners create a vibrant, natural flame that feels both luxurious and effortless.

Vented Linear Burner shown with optional Driftwood Log Set.
Available for Vented Only

VENTED LINEAR BURNER

Crafted from premium stainless steel and powered by our patented interlocking design, Isoflames burners blend a sleek profile with effortless performance. The XL Linear Burner series delivers up to 200K BTUs—creating a striking, big flame presence that turns any solid-fuel fireplace into a showpiece.

Available in sizes ranging from 24" – 96"
Comes with a variable flame electronic remote.

VENT-FREE LINEAR BURNER

Break free from chimney and venting restrictions with the Isoflames Vent-Free Linear Burner. Living room, bedroom, loft, or outdoor retreat, this burner adapts seamlessly to any space. Delivering modern elegance, efficient performance, and bold, dramatic flames without compromise. Easy to install and endlessly versatile.

Available in sizes 24" • 30" • 42"
Comes with a variable flame electronic remote.
