APPLICATIONS:

Indoor | Outdoor
(NG) Natural Gas
(LP) Liquid Propane
Custom Finish
Combustible Floor Installation
Zero Clearance to Open Front
12" B-Vent Chimney System
Isoflames Linear Burner
Glass Media
Electronic Ignition System
Mechanical Exhaust Fan

The same trusted pumice—with a sleek, bold design.

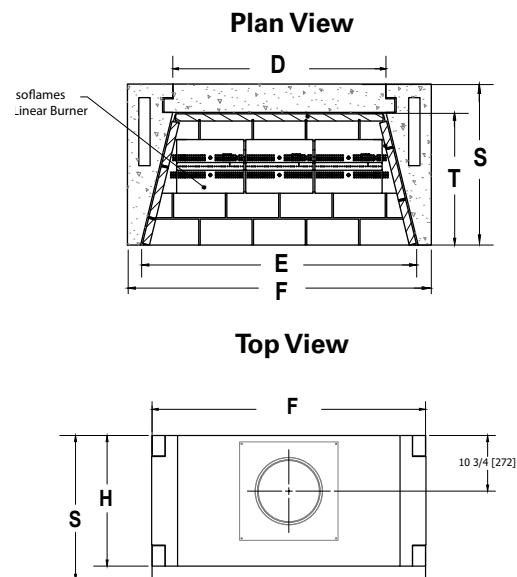

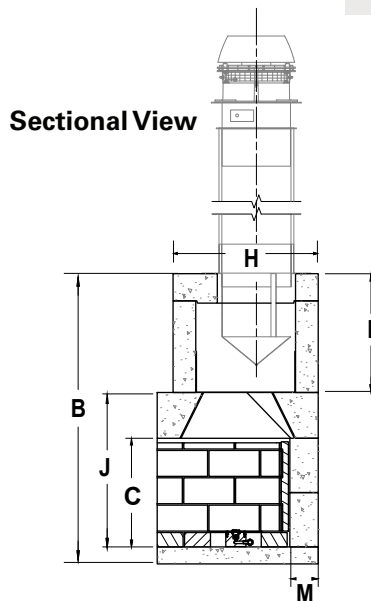

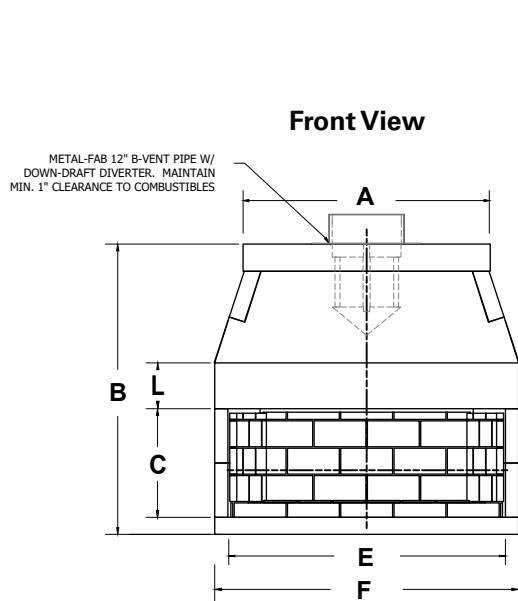

The Maximus Linear Series is offered as a complete fireplace system that combines advanced performance with a sleek, modern design. Featuring the **Isoflames Linear Burner** with patented interlocking design, the **X-Ventiso Meridian Mechanical Fan**, and **Remote-Controlled Electronic Ignition System**, delivering both convenience and powerful functionality.

Choose between an **open-front** or **glass-front** firebox, then personalize the look with **colored glass media** or a **driftwood log set**. The glass-front model is engineered to operate without drawing conditioned air from the room, ensuring compliance with air quality control standards.

* Maximum Linear is sold as a complete system — consult your Isokern sales representative for details.

Open Front - 48, 60, 72, 96 & 120

Please Note: This unit utilizes a single 12" BVent Chimney that can be terminated vertically or horizontally. All units are power vented. Zero Clearance to glass front. Models 72, 96 & 120 requires 6" x 6" x 1/2" Steel Angle cut to span firebox opening. This item is not included in the components and can be sourced locally.
